... the power of nature!

About us

KRÖNER-STÄRKE is a renowned, independent and international company managed by third family generation. We specialize in the production of wheat and starch products for the industry, artisan production and trade. For generations, the company has made high quality food products harnessing the power of nature and working alongside nature in an environmentally-friendly way without the use of micro-biocides. We provide experience combined with competency, reliability and flexibility for our partners.
