## LeRofood ... kind of delicious!

### About us

Company LeRo Food GmbH & Co. KG was founded in 2002. With about 50 employees we produce a comprehensive deep-freeze range for the food retail, large consumers and hospitals. We have a state of the art quality assurance system. LeRo Food stands for responsibility towards the environment and our consumers. We have the goal of combining economy and ecology so that our actions contribute to long term economic success of LeRo Food as a company and to preserving the environment. As a specialist for frozen convenience products we are constantly developing our products and packaging further and adapting it to market requirements.
