Delighting people with the exceptional

About us

We at Rila love the kitchens of the world. Since more than 50 years we have been bringing delicatessen specialties from all continents to Germany. As a producer, we are at home all over the world. In Germany too, the companies Feine Küche Jürgen Langbein in Kaltenkirchen and Menzi in Versmold belong to the Rila Group. Here national and international soups, sauces and dishes of the best quality are produced for retail and wholesale, according to the Made in Germany concept.

In addition to the gourmet brands, the Rinatura brand stands for healthy and modern enjoyment. This is how organic works today! The premium organic delicatessen brand is for discerning connoisseurs. Regardless of whether you are a part-time vegetarian, a sports enthusiast or just a better eater - as a veteran of health food, we have been offering new ways of delicious and uncomplicated enjoyment since 1983. Of course in the best organic quality.

With our three extensive organic ranges from Rinatura, we not only want to create completely new worlds of enjoyment, we also want everyone to enjoy carefree nutrition. From vegetable protein snacks to everyday organic basics to trendy lifestyle ideas - we know how organic works and have done so for over 30 years.
