Over 100 years of experience and quality

About us

4 generations – 100 per cent passion

Our family company, now in its fourth generation, has been producing top-quality spirits for every taste since 1898. At our headquarters in Bad Oldesloe and our affiliates in Meerane, Saxony, and Leutenbach, Baden-Württemberg, our 60 long-standing employees devote their know-how and experience to producing superb spirits for our four top brands.

Constantly expanding our production plants, boosting our production capacity, taking over other brands and opening up new sales markets are all valuable ingredients in our tried and trusted recipe for success. The quality brand names of Oldesloer, Specht, Greizer and Meeraner – with their diverse array of products – all make up our present portfolio.
