The Ingredient Company for Great Taste and Service

About us

LAY is a family operated company with more than 100 years of experience and tradition in processing spices, spice blends, functional blends in powder as well as in liquid form in certified quality.

LAY has been founded in 1920 by the two brothers August and Friedrich Lay. In 2008 the company moved into brand new premises in South Thuringia. Today LAY employs more than 130 employees. It is well known as a reliable partner, innovative developer and individual problem solver with a close tie to its customers of the prepared food business of meat, fish, vegetable, dairy and the snack industry. Innovation, flexibility and customer service are key to the company's business.

Our portfolio for your success

Pure spices and other ingredients are purchased worldwide. After thorough inspection in own laboratories the ingredients are processed to spice- and functional blends and distributed to more than 50 countries around the globe.

LAY has a high reputation for best service and best quality. The product line consists of blends and customized mixtures for the manufacturing of meat and fish, convenience and delicatessen and other food products. A vast portfolio of flavors, spices, technical ingredients and organic products complements the product line. LAY – the company of great taste

- Typical Spice-blends for all regions in the world
- Functional blends for improved yield and more secure processes
- High quality pure spices
- Taylor made blends and developments
- Flavor enhancer without added sodium glutamate
