## High quality plant-based raw materials

### About us

Ceresal GmbH is an international B2B supplier for high-quality, plant-based specialty raw materials and ingredients in the food and feed sector, as well as for the cosmetics and pharmaceutical industries. Due to our excellent national and international contacts in agriculture and affiliated processing companies, we are able to offer a broad portfolio. In addition, we have first-class and long-standing know-how in contracting and handling of goods. As a registered GMP+ and IFS-certified company, we can guarantee our customers process reliability and the highest quality standards.
