The Secret of our Competitive Success.

About us

The company Brügggen opens the world of cereals for you. Our company, which already operates in fourth generation, has been dealing with high quality cereal products for almost 150 years now. Steady expansion and a high level of dynamism have characterized the development of our company in recent years. An annual two-digit growth rate and an annual production capacity of over 140,000 tonnes has earned us the reputation as being one of the fastest-growing and leading cereal manufacturers in the world today.
