We love fruit and we process only the best

About us

Since 1886 fruity delicacies are a great passion for our family-owned company. With our fruity Maintal preserves breakfast together will be enjoyment and delight! Just try it out for yourself! Maintal has received numerous awards in the social sphere. Our company is one step ahead, particularly when it comes to family friendliness and a balance between family life and work.

Our portfolio for your success

We have been producing high-quality jams, jellies, marmalades and fruit spreads since 1886. For us, taste and quality go hand in hand. That's why we place particular importance on the high quality of all raw materials and on a gentle production process – for products that taste home-made. Since the year 2000 we are even offering an extensive organic range.
