About us

Moelk GmbH is a startup from Frankfurt/Main that specializes in the production and distribution of plant-based milk alternatives. The company has set itself the goal of combining taste, quality and design in a unique way and thus raising the coffee experience to a new level. Deeply rooted in the gastronomy, the products are developed, sourced and produced according to the highest quality demands and standards - and 100% in Europe.

- Vegan
- sustainable

- stylish
